■ PURPOSE

WHEREAS, the general purpose of this Agreement is to establish mutually satisfactory arrangements between the Employers and their Employees and to provide a mechanism for the prompt and equitable disposition of grievances, and to establish and maintain satisfactory working conditions, hours of work, wages and fringe benefits for all the Employees who are subject to the provisions of this Agreement.

THEREFORE, it is expressly agreed and declared by and between the parties, both individually and collectively as follows:

■ ARTICLE 1

RECOGNITION, CONTRACTING AND PROJECT MANAGEMENT

- (a) The Employer recognizes the Union as the exclusive bargaining agent for Bricklayers, Stonemasons and Plasterers, their respective Apprentices, Improvers and Working forepersons in its employ in those Board Areas in the Province of Ontario in which the Union holds ICI bargaining rights.
- (b) The Union recognizes the Employer as the exclusive bargaining agent for all employers listed on Appendix A in those Board Areas in the Province of Ontario in which the Union holds ICI bargaining rights for its employees;
- (c) For the purpose of clarity in 1(a) and 1(b), the Employer does not include any contractor in any individual Board Area(s) in which the BACU holds the ICI bargaining rights for such contractor.
- (d) An Employer desirous of contracting or sub-contracting any work encompassing the skills of members of the Union shall only contract or sub-contract same to a contractor or subcontractor who is bound to the ICI collective agreement between the BACU/OBBC or the OPC/MIECO ICI collective agreement and who makes Industry and

Training Fund contributions to MIECO and/or OBBC, as applicable, for all hours earned by employees with respect to all work in the ICI Sector, whether a member or not. This means that where the contractor is bound to the OPC in the Board Area where the work is performed, employer contributions, in accordance with OPC/MIECO agreement, will be made to MIECO. Where the contractor is bound to the BACU in the Board Area where the work is performed, employer contributions, in accordance with the BACU/OBBC agreement, will be made to OBBC.

For the purpose of greater clarity, it shall be a violation of the provisions of Article 1(d) if an employer sub-contracts work to an individual union member, purporting to perform services as an Independent Operator or Contractor, performing masonry work as defined under the provisions of Appendix D – Trade Jurisdiction, and any such violation shall be subject to damages in the amount of each person hour of work performed at the full wage package under the Collective Agreement. The Employer and the Union will have the ability to require an individual employer to produce pay stubs, any T5018's issued to them and their most recent T4 ("Pay Records") of named employees for a period of up to six (6) months. Such pay records must be produced within 15 days of such request in writing. It is further agreed that the auditing provisions of Article 20(d) may be relied upon for a violation of this nature including the requisite security deposit provisions of Article 20(b). The Employer Association agrees that it will not act to represent or defend such violations by an individual employer.

The provisions of Article 1(d) are subject to the provisions of Appendix H Letter of Understanding.

- (e) Without restricting in any way, the application of the sub-contracting provision contained in Article 1(d) of this Agreement, an Employer who undertakes a contract with an owner to provide construction management services shall be subject to Article 1(d) unless:

- (i) The owner selects contractor(s) not bound to this Agreement to bid on work covered by this Agreement and solely and directly solicits or obtains bid(s) for such work from such contractor(s) without any involvement or participation by the employer in the selection of such contractor(s) (except as to the validity of the bids) or the solicitation or obtaining of any bid(s) from any contractor(s) regardless of whether it (they) is (are) bound or otherwise to this Agreement;
 - (ii) The owner accepts bid(s) from contractor(s) not bound to this Agreement; and,
 - (iii) The owner contracts or subcontracts directly with contractor(s) not bound to this Agreement without contractual obligation of the Employer for the work of such contractor(s), other than for the negligent acts or omissions of the Employer.
- (f) Any failure to comply with Article 1(e) of this Agreement shall render the Employer liable for damages equivalent to those for the breach of the contracting and subcontracting provision set forth in Article 1(d) above.
- (g) The Employer shall advise the owner of the provisions of Articles 1(e) and 1(f) when undertaking the construction management services contract.
- (h) The parties agree and acknowledge that the BACU and its Locals administer the collective agreement including all hiring matters in all areas of the Province except within the territorial jurisdiction of Locals 6 and 7 where Local 6 and 7 respectively administer the collective agreement including all hiring matters.
- (i) The following shall apply when a Grievance is filed alleging that an Employer has breached Article 1(d) by contracting or subcontracting any work within the scope of work covered by the ICI collective agreement between the BACU/OBBC or the OPC/MIECO ICI collective agreement (the "Collective Agreements") to a contractor or

subcontractor who is not bound to the Collective Agreements and who makes Industry and Training Fund contributions to MIECO and/or OBBC and such Employer is not subject to bargaining rights with another trade union for the grieved work to whom the contractor or subcontractor in receipt of such work is bound:

- (i) By the end of the business day following the day of presentation of the Grievance, Employer must advise if they are bound to the other Union involved and must provide proof of the existence of such bargaining rights. Failure to provide such proof at this point, if provided later in the proceeding, shall result in damages being paid by such Employer for all legal fees incurred by the Union from the date of Referral.
- (ii) The Grievance shall be referred, at the Union's election, to one of Lindsay Lawrence, Eli Gedalof, or Mark Wright. The Arbitrator shall schedule an evening or weekend hearing within 5 business days of Referral.
- (iii) Within 24 hours of the Referral, the Employer shall provide (or the Arbitrator Order) production of the contract between the Employer and the contractor or subcontractor which is the subject of the Grievance.
- (iv) The Grievance and/or Arbitration Hearing shall be conducted without regard for any proceeding under s.99 or 133 of the Labour Relations Act. It shall not be deferred pending a proceeding under s. 99 or 133 of the Labour Relations Act.
- (v) The Arbitrator shall only have the jurisdiction to determine whether the Employer breached Article 1(d) of the Collective Agreement. The only factors mitigating against a breach, on which an Employer may rely are: 1) evidence that the Union was asked to and was unable to provide a workforce directly to the Employer if they

intended to self-perform the work for the project in dispute; or 2) the Employer can demonstrate that they have invited at least five (5) or more masonry contractors bound to the Collective Agreements and that the Employer did not receive any bids for such project from a masonry contractor bound to the Collective Agreements. The onus is on the Employer to prove in that one of the two factors exists.

- (vi) If the Arbitrator concludes that the Employer breached Article 1(d) of the Collective Agreement, the Employer shall be ordered to:
- a. Pay the Union and MIECO as liquated damages (and not as a penalty) one hundred thousand dollars (\$100,000.00);
 - b. Pay to the Union Blouin Drywall damages for the work on the project;
 - c. Pay the Union and MIECO all costs of collection of such liquidated damages;
 - d. Advise the OLRB in any proceeding under the Labour Relations Act that it has been found to have contracted or subcontracted the work in breach of the Collective Agreement and to take no other position in the proceeding.

■ **ARTICLE 2**

TERM OF AGREEMENT

This Agreement shall be in effect from May 1st, 2025 until April 30th, 2028, and thereafter every three years unless written notice be given not more than 120 days and not less than 60 days before the expiry day (or its anniversary as the case may be) by the Party desirous of change. On receipt of such written notice the Parties to this Agreement shall convene a meeting within 30 days and endeavour to reach an agreement.

■ ARTICLE 3

GRIEVANCE AND ARBITRATION PROCEDURE

- (a) Any dispute between a Local Union and a Local Employer or any grievance by any Employee covered under this Agreement that arises out of the interpretation, application, administration or alleged violation of this Agreement shall be adjusted if possible, by the Local Union Representative and the Local Employer or his designated Representative. A meeting between the Local Union Representative and the Local Employer or his designated Representative shall be called within two (2) working days of receipt of notice of the dispute or grievance by the party grieved against. If the dispute or grievance is not settled within three (3) working days of such receipt, then the grieving party may refer it to Arbitration in accordance with Article 3(d) below or under Section 133 of the OLRA.
- (b) Where any difference between the Employer and the Union arises from the interpretation, application, administration or alleged contravention of the Agreement then either party may send notification of such difference or grievance to the other. The parties shall meet as soon as conveniently possible to attempt to settle the matter. If the dispute or grievance is not settled within three (3) working days of such meeting or if such a meeting fails to be arranged, then the grieving party may refer it to Arbitration in accordance with Article 3 (d) below or under Section 133 of the OLRA.
- (c) The Union and Employer agree that it is in the best interest of both parties to hold regularly scheduled regional meetings to discuss matters of mutual interest.
- (d) **Arbitration Procedure** - Where a difference arises between the parties hereto relating to the interpretation, application or administration of this Agreement, including any question as to whether a matter is arbitrable or where an allegation is made that this Agreement has been violated, either of the parties may, after exhausting the

grievance procedure established above, notify the other party in writing of its desire to submit the difference or allegation to arbitration, and the notice shall contain the name of the first party's Appointee to the Arbitration Board. The recipient of the notice shall within five (5) working days advise the other party of the name of its Appointee to the Arbitration Board. The two Appointees so selected shall, within five (5) working days of the appointment of the second of them, appoint a third person who shall be the Chairperson. If the recipient of the notice fails to appoint an arbitrator, or if the two Appointees fail to agree upon a Chairperson within the time limits, the appointment shall be made by the Minister of Labour of Ontario, upon the request of either Party. The Arbitration Board shall hear and determine the difference or allegation and shall issue a decision, and the decision shall be final and binding upon the parties and upon any Employee or Employer affected by it. The decision of a majority shall be the decision of the Arbitration Board, and if there is no majority the decision of the Chairperson shall govern. The fees and expenses of the Chairperson shall be borne one-half by the Union and one-half by the Employers. Any other costs or expenses in connection with such Arbitration shall be borne by the party which incurs them.

- (e) No dispute or grievance shall be considered by the parties nor shall it be subject to the provisions of this Article unless it is presented within twenty (20) working days from the date the Local Union and/or Union became aware of the alleged dispute or grievance.
- (f) **Hardship Clause** - Where a particular clause or article of this Agreement may be found to work a hardship in a specific geographical jurisdiction of a Local Union, either the Local Union or Local Employers Group may request a meeting with the other to consider the hardship in question. Should the Local Union and Local Employers Group agree to amend the Collective Agreement to address the hardship such Agreement shall be made in

writing and referred to the Union and MIECO for their endorsement.

(g) Job Targeting Procedure -

The Following procedure shall be followed when implementing a job target for a specific project:

1. An individual contractor who intends to bid a project shall first check with MIECO office to see if there is a job target concession already in place.
2. If there is no job target already in place, the contractor may make a request to the Local Union Business Manager, using the job target form agreed to between the Union and MIECO. Such form may be completed online.
3. Should a Local Union wish to initiate a job target the Local Union Business Manager would indicate the proposed concession on the job target form, sign the form and forward same to the OPC. The process would then proceed from step 6.
4. If a job target request is accepted, the Local Union Business Manager will complete the job target form by indicating the concessions granted and by signing it on behalf of his or her Local.
5. The Local Union shall then forward the job target form to the OPC office for their consideration as to approval.
6. If accepted and approved by the OPC, the OPC shall then sign the form and forward it to the MIECO office for their consideration as to approval.
7. If accepted and approved by MIECO, the MIECO office will then sign the form and return a copy to the OPC office, who will in turn, forward it to the Local Union. The MIECO office will forward the completed job target form to the originating contractor and immediately post the job target on its website.
8. No job target shall be approved if the request to the Local Union Business Manager is not made at least

forty-eight (48) hours prior to the bid close. Further, no final approval shall be given by MIECO less than twenty-four (24) hours prior to the bid close.

In every instance the Employer will be required to advise the Local Union in writing if they have been successful or not in obtaining the work, the name of the General or Prime Contractor, and when they will be attending on site to begin.

9. In the event that the Employer is of the opinion that a Local Union has unreasonably withheld permission to job target through the procedure set out in Article 3(g), then the matter will be referred to a Regional Meeting as provided for in Article 3(c). Such Regional Meeting shall be held within fourteen (14) days of the Union being notified to assist in reaching an agreement.

■ **ARTICLE 4**

WORK STOPPAGES

During the lifetime of this Agreement the Employer and the Union agree that there will be no strike, and the Employer agrees that he will not cause a lock out. The parties further agree that they will not threaten to take any of the action which, under the provisions of this Article, they have expressly agreed they will not take.

■ **ARTICLE 5**

UNION SECURITY

- (a) The Employer agrees to first hire members of the Local Union on projects within the territorial area of the Local Union. The Employer shall hire through the Local Union Office fifty percent (50%) of all Bricklayers, Masons and Plasterers who are members of the Union as long as the Local Union is able to supply members in sufficient numbers to take care of the needs of the Employer. This

ratio shall be maintained at all times. It is agreed that the Employer may transfer members from one job to another within the territorial jurisdiction of the Local Union. It is agreed that all members must produce a referral slip signed by the Business Representative before being hired or starting work.

- (b) This also applies to out-of-town members coming to work within the jurisdiction of the Local Union and no other means of hiring will be allowed. All Employees in the employ of the Employer shall be members in good standing as long as they are employed by the Employer. It is agreed that the Union will give preference to the Employers in the employment of its Union members and the Employers agree to first hire and to employ Local Union members.
- (c) Where a Union has more than one Hiring Hall list in the area where the work is to be performed, and if there are insufficient members available in the area to take care of the needs of the Employer, then the Employers have the right to bring in members of the Local Union who do not reside in the area where the work is being performed until such members residing in the area where the work is being performed become available.
- (d) Should the Employer's requirement not be met within two working days, he shall have the right to hire employees from other sources, providing such employees make application to become members of said Local Union prior to commencement of work.
- (e) However, should members of the Local Union become available at any time during a regular work week, it is understood that out-of-town employee(s) shall be allowed to complete the work week employment before being replaced by the local employee(s).
- (f) Transfer of employees from one Employer to another shall only be by mutual agreement of the Parties to this Agreement.

- (g) Notwithstanding the above, it is agreed that the employer may name hire up to fifty percent (50%) of Union members on a project.

It is also agreed that the Employer may transfer one foreperson per project from outside the Local Union area in which the project is located.

The Local Union is entitled to supply the first journeyperson on-site. The employer may select and transfer from any Local Union area, the second journeyperson.

When the Employer transfers a journeyperson from another Local Union, each journeyperson so transferred shall be included in the above fifty percent (50%) name hiring limits.

- (h) Employer must report, in writing, all new projects of five (5) days or greater duration, prior commencement to the Local Union and MIECO.
- (i) In the circumstance where the Employer does not have the authority to unilaterally allow access to a jobsite, the Employer agrees, prior to the job commencing, to make a joint application with the Union, to the owner or general contractor of the project, requesting that such access be granted. It is understood that the Employer cannot guarantee that the access will be granted.

■ **ARTICLE 6 MANAGEMENT RIGHTS**

The Union agrees and acknowledges that the Employer has the exclusive right to manage the business and to exercise such right without restriction save and except as such prerogatives of management may be specifically modified by the terms and conditions of this Agreement. Without restricting the generality of the foregoing paragraph, it is the exclusive function of the Employer:

- (i) To hire, direct, promote, demote, lay off, transfer, discipline and discharge any Employee and to increase and

decrease working forces, providing that a claim for discriminatory promotion, demotion or transfer, or a claim that an Employee has been discharged or disciplined without just cause may be the subject of a grievance and dealt with as herein provided.

- (ii) To determine the materials to be used, design of the products to be handled, the facilities and equipment required, scheduling of work and location of equipment.

■ **ARTICLE 7**

SAFETY AND HUMAN RIGHTS

- (a) It is mutually agreed by both the Employer and the Union that they shall comply with the *Occupational Health and Safety Act* and Regulations for Construction Projects, as amended from time to time.
- (b) It is mutually agreed by both the Employer and the Union that they shall comply with the *Ontario Human Rights Code*.
- (c) The parties agree that it is in their collective best interest to have union members properly trained in accordance with prescribed regulations, both federal and provincial. The Parties agree that they will endeavor to cooperate to ensure that all Union members are properly trained. To this end, as of May 1, 2016, Employers shall be responsible for making sure that their current Employees have the requisite training. In additional, as of May 1, 2016 the Local Union shall be responsible for making sure that their union members have the requisite and current general industry training (including but not limited to MOL 4 and 5 Steps, and WHMIS) and as of April 1st, 2017 Working at Heights and shall not refer any member for employment without such training. This obligation does not apply to site-specific training including, but not limited to confined-space certification.

Should an Employer wish to send their current employees for recertification/retraining for the requisite and current

general training referred to above, to be provided by the Union, they shall pay the Local Union an amount of seventy-five dollars (\$75) per employee, for such recertification/retraining.

If the Employer should choose to train their current employees themselves by the use of a third-party trainer, then the Employer has to notify the Union and MIECO in a timely fashion.

The Parties agree that it is desirable to have access to a database that would enable the Union, its Locals and MIECO to have the information available to ensure that members have the required training. To facilitate this, every employer is required to provide MIECO with a list of Union members that have received training while employed, a copy of any certificate and the expiry date of such certificate. MIECO agrees to share this information with the Union in order to facilitate such database.

MIECO agrees that it will issue a bulletin semi-annually to its membership reminding its members of the need to utilize proper safety measures when engaged in dry cutting.

Denovo Rehabilitation and Treatment

Both Employer and all Local Unions to collect and contribute through the remittances two cents (\$0.05)/hour for a combined four cents (\$0.10)/hour to go towards Denovo Treatment Centres. This allows the members (employees) to attend treatment for drug and alcohol issues.

■ ARTICLE 8

- (b) Indentured Apprentices must be registered with the appropriate government agency, as required. MIECO and

the Union agree to maintain a joint list of Indentured Apprentices.

- (c) The Parties agree to establish and maintain Local Apprenticeship Committees consisting of equal representation of the Employers and Union. - (d) The minimum rate for Apprentices and Improvers shall be:
 - (i) 50% of a Journeyperson's rate for the first period.
 - (ii) 65% of a Journeyperson's rate for the second period.
 - (iii) 80% of a Journeyperson's rate for the third period.
 - (iv) 90% of a Journeyperson's rate for the fourth period.
- (e) For the purpose of continued employment Apprentices or Improvers may be transferred to any Local of the Union, providing that the Local Union in which the Apprentice is to work does not have any Apprentices or Improvers available for employment.
- (f) Unless an Apprentice or Improver is registered and recognized as an insulation or air barrier installer, then no Apprentice or Improver shall operate a masonry saw, grout walls, deficiency work, install wall anchors, wash or clean walls, install insulation or air barriers for more than twelve (12) hours in any one (1) work week. Such referral slip shall be deemed to have been provided on the third day following such request if not otherwise received.

No Probationary Apprentice shall be hired if there is an available Registered Apprentice on the Local Union out of work list and such Apprentice is referred to the requesting Employer. Until May 1, 2020 the requirement that they be Registered will be waived.

If by the time the probation period is completed, and the apprentice has demonstrated their suitability to the union and the employer, such assessment to be done in good faith, the entrant will become a member of the applicable local union.

All wages, deductions and contributions of a new entrant shall be paid as per Article 29 of the local wage schedule of the provincial agreement for all hours worked.

INDENTURESHIP

The Parties recognize and agree that students performing work in accordance with a registered co-operational educational program may perform work otherwise covered by the Collective Agreement. Such performance of this work does not constitute a violation of the Collective Agreement and such students are not covered by the provisions of the Collective Agreement.

The Employer must notify the Union in writing at least forty-eight (48) hours in advance of bringing a new co-op student into the Employer. The Employer must provide the name of the student and the school they are coming from and give notice when the student is moved from job to job.

The co-op student may work for a maximum of twelve consecutive weeks, unless an extended period is mutually agreed between the Union and MIECO.

It is agreed that Employer must attempt to introduce a co-op student to a wide variety of duties performed by masonry industry tradespersons.

A co-op student shall not displace a journeyperson or apprentice from a job site.

- (j) Individuals who attend an Ontario Masonry Training Centre ("OMTC") or College Program associated with the OMTC or the Union in accordance with a Pre-Apprenticeship Training Program authorized by the Ministry of Advanced Education and Skills Development ("Ministry") will qualify as Probationary Apprentices under the terms of the Collective Agreement, despite having attended the first session of trade school.

The ability for such Pre-Apprentices to work as probationary apprentices is, despite the wording of Article 8(g) of the Collective Agreement, conditional upon Pre-Apprentices joining the Union prior to commencing employment.

Where a job placement is a condition of the Ministry requirement, the parties agree to ensure the student completes their required job placement, to a maximum of 12 weeks.

All other provisions with respect to Article 8(g) Probationary Apprentices, shall apply.

It is further agreed that Steward(s) will be appointed on all jobs of the Employer by the Local Union and that he shall be one of the last two Journeypersons retained by the Employer on the job. The Foreperson shall advise the Local Union before discharging a Steward. Should a Partner or Employer be directing the Bricklayers, Stonemasons and/or Plasterers on a project he shall be considered as being the Foreperson. Should a project experience a cessation of work it is agreed that upon resumption of work the Steward, if available, shall be one of the first employees recalled.
- (b) When a project is of more than one shift operation the Union may appoint a steward for each shift.
- (c) Where a steward stops a job due to unsafe conditions it shall not constitute a violation of this collective agreement.

■ **ARTICLE 13**

Lay offs shall only take place at the end of the regular working day or designated shift except for incompetence. employment and payroll records, job costing allocations, T5018 forms, contracts, subcontracts and other supporting documentation as reasonably required to permit review of these records by a chartered accountant appointed by the Trustees, the Union or MIECO, to determine whether the Employer has made the required contributions.

It is further agreed that the Employer Association or designate may rely upon the sub-contracting provisions as set out in Article 1 – Recognition, Contracting and Project Management item (d) and may notify parties, including owners, general contractors and/or project managers of its reliance upon these provisions, for projects underway or being tendered.
